Each year, school districts in Washington State are required to report student data by ethnicity and race categories to the State's Office of Superintendent of Public Instruction (OSPI). Ethnicity and race categories used in our district are the same as are used in all Washington school districts. They are set by the federal government, but it does NOT report individual student data. These reports help our district and the state keep track of changes in student enrollment and various outcomes (such as graduation rates) to ensure that all students receive the educational programs and services to which they are entitled.

Instructions for completing the Certificate of Immunization Status (CIS): printing it from the Immunization Information System (IIS) or filling it in by hand.

To print with immunization information filled in: Ask if your healthcare provider's office enters immunizations into the WA Immunization Information System (Washington's statewide database). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

- #1 Print your child's name, birthdate, sex, and sign your name where indicated on page one.
- #2 Vaccine information: Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guide below to record each vaccine correctly. For example, record Pediarx under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
- #3 History of Varicella Disease: If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - If your healthcare provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
- #4 Documentation of Disease Immunity: If your child can show positive immunity by blood test (titer) and has not had the vaccine, have your healthcare provider check the boxes for the appropriate disease in the Documentation of Disease Immunity box, and sign and date the form. You must provide lab reports with this CIS.

 RCW 28A.210.320 requires every public school to prohibit the attendance at school for any and all purposes for any student with a "Life-Threatening Condition" who does not have medication or treatment orders and a nursing care plan on file at the school. A "Life-Threatening Condition" is defined as a health condition that will put the child in danger of death during the school day if medication or treatment orders and a nursing care plan are not in place. Students who are not in compliance with RCW 28A.210.320 are prohibited from attendance until such time that they come into complete compliance. Any parent/legal guardian who contests the schools decision has the right to due process procedures as found in Turnwater School District Policy 3200.
