

Tumwater School District Board Policy

REVENUES FROM LOCAL, STATE AND FEDERAL SOURCES

Revenues from the Federal Government

The objective of the board is to provide the best educational services possible within resources available to the district. Federal grants and programs may provide helpful financial resources towards pursuing that objective. When it is optional for the district to participate in a federally funded program, the Superintendent will receive detailed analysis from the staff regarding both the advantages to be realized from the program and the additional costs in terms of staff time, impact on existing programs and new obligations that the program may require. Before authorizing participation in such a program, the Superintendent will first determine that the advantages outweigh the disadvantages and that the program will not detract from other programs already in operation.

The board agrees to comply with all federal and state requirements that may be a condition to receipt of federal funds including, but not limited to:

1. Maintenance of fiscal records which show the receipt and disposition of federal funds;
2. Provision for eligible private school students to participate in programs and/or services designed for the educationally disadvantaged as well as other programs which are supported by ESEA funds;
3. Provision for testing to identify target students as well as to measure program results; and
4. Provision for staff and parent involvement, program planning, budget development and program evaluation.

The district agrees to comply with all requirements pertaining to the implementation of internal controls for travel, contracted services, training, and capital outlay purchases and expenditures.

The district further assures that a district-wide salary schedule is in effect and that the staff is assigned equitably among schools. Instructional material will also be distributed equitably among all schools. The board grants authority to directors and staff to participate in the development of any state and/or federal regulations deemed to be necessary for the implementation of federally-funded programs.
