

Tumwater Schools have partnered with the Timberland Regional Library to provide electronic library cards to all students in Tumwater so they can access eBooks, audiobooks, and databases.

Students should bookmark the link to MyTRL by clicking on the star in the far right side of the URL box where the web address goes. They will be prompted to name and save the bookmark. They should call it MyTRL. When they enter their password, they should save their username and password so they don't need to put it in when asked again. Some of the databases will ask for the user name and password again, so saving it is essential.

Students access it with the following login:

- USERNAME: TSD student ID + birth month (2 digits) + birth year (4 digits)
- PIN: birth month + birth day

Example of a student login:

Birthday 04/30/2008, TSD #1234567

Username: 1234567042008

Password: 0430
