**GET (Guaranteed Education Tuition) -**

The state Legislature created the Washington Guaranteed Education Tuition Program, which allows parents to buy GET college tuition units today for use in the future. Parents can set aside as little as \$20 every month and/or send a check whenever they have a little extra cash. The money that parents put into a GET fund is guaranteed by the State of Washington to keep pace with rising tuition costs. [www.get.wa.gov](http://www.get.wa.gov)
