Our School's Improvement Plan

Each year, we create a School Improvement Plan (SIP). The purpose of the plan is to identify goals and actions that increase student achievement. The development of this plan is also an opportunity for us to reflect on our strengths and weaknesses as an organization. We use the plan to improve our communication with others and to keep our attention on school safety.

Our School Improvement Plan is available to view on our website.

Community Involvement

We know that parent and community involvement both within and outside of school are critical to student success. Each year parent and community volunteers contribute thousands of hours to our programs and committees. There are many options available, including the following examples: supporting student learning in the classroom, serving as a "lunch buddy", providing office support, or serving on a site management team or advisory committee. To volunteer, please fill out the online volunteer form. Once approved (you will receive an approval letter), you can contact the school office to find out how you can get involved. Thank you for your support of Tumwater schools!
