

REPEAT Art Students

The assignments in *Studio Art* are the same each semester.

What changes each semester are the **art students' choices** –

- the quality and content of their sketchbook,
- the artists they choose to learn from and
- the quality of their studies and portfolio,
- the subject of their grid-made project and
- their degree of adherence to its process.

If this course was not a good fit for you, please schedule a meeting with your counselor to discuss a schedule change before 2nd semester begins.
