Pages and Apps

Alumni Directory App (beta)
This page/app type is useful for cataloging and displaying alumni information.

Announcements App
Announcements
Welcome to the new Tumwater School District website!
Comments?
webmaster@tumwater.k12.wa.us

The last day of school is June 22nd.

Article Library App
This page/app type is useful for sports highlights, newsletters, and meeting minutes.

Article Library
- List several articles.
- Control when the articles display and when they are archived.
- Enable RSS feeds.
- Add accent images to article listings.
- Use for weekly newsletters, homework pages, sports highlights, directories.

Assignment App
This page/app type is useful for adding and displaying homework assignments.

Assignments
- Post information specific to your lesson.
- Add graphics, links, and attach documents.
- Add your Assignment to your section calendar with ease.
- Students and parents can stay up to date on past, current, and upcoming assignments.
Blog App
This page/app type is useful for such things as facilitating cooperative learning experiences and promoting communication with parents.

- Publish information in a format that will auto archive by date.
- Allow a blog post to be interactive with comments, or turn commenting off.
- Moderate comments so that they won’t go live without your approval.

Book List App (beta)
This page/app type is useful for displaying recommended or required books.

Calendar App
A calendar can be used for such things as homework, sport schedules, field trips and conferences.

- Post information specific to your classroom or activity.
- Request that your event be posted on other calendars.
- Color-code events by category.
- Create event registration.

Discussion App (beta)
This page/app type is useful for facilitating discussions.

File Library App
This page/app type is useful for policies, forms, software updates and art projects

- Post documents for viewers to download and print.
- Control when files display and when they are archived.
- Enable RSS feeds.
**Flex Editor App**

This page/app type is useful for all types of content, and is used frequently as the homepage/overview page for a section.

- Place text and images anywhere.
- Choose an Editor Layout.
- Insert and format tables.
- Insert links.
