

Classroom Talking Points

Student Acceptable Technology Use Guidelines

Tumwater School District (TSD) provides students with several online resources to support student learning include, Google Apps for Education and Hapara but are not limited to, hardware, software, data, electronic textbooks and materials, communication devices, printers, servers, filtered Internet access, and local and wide area networks. The use of technology resources is an important part of today's learning environment. To qualify for use of TSD technology resources, students must abide by the rules of acceptable use. Please work with us in helping students understand and abide by these simple but important rules of appropriate use. This agreement contains rules and guidelines for the acceptable use of technology resources.

Purpose

TSD provides technology resources for student use:

- to promote educational excellence by facilitating resource sharing, innovation, and communication
- to prepare for success in life and work by providing students with knowledge and skills regarding the safe and appropriate use of technology resources.

Privilege

The use of technology resources is a privilege, not a right. Inappropriate use of these resources may result in disciplinary action (including the possibility of suspension or expulsion), and/or referral to legal authorities. The principal, teacher/supervisor or systems administrator may limit, suspend or revoke access to technology resources at any time.

Students,

As a condition of my right to use the Tumwater School District Internet service, I understand and agree with the following:

- use computing resources responsibly
- use the Internet and other computer resources for academic activities only
- follow the guidelines for printing set by my teacher or school
- only save material in my folder appropriate for educational use
- not sent or purposefully access inappropriate, harassing, or offensive material in any form
- not give out my name, picture, address, e-mail, or any other personally identifying information online
